**Awilco LNG ASA – Contract update**

Awilco LNG ASA is pleased to announce that the 2013-built 156,000 cbm TFDE WilForce (the Vessel) has been committed on a 9-12 month time charter contract to an oil and gas major.

Subject to customary inspection and vetting acceptance of the Vessel, the contract is expected to commence in September 2018, subsequent to scheduled dry-docking of the Vessel. The contract is estimated to contribute an annualised EBITDA of about MUSD 26 during the charter period.
