

Oslo, 7<sup>th</sup> December 2018

**ALNG - update**

With reference to recently published articles of a potential LNG shipping consolidation initiative, Awilco LNG is working with other ship owners with an aim to establish a consolidated LNG shipping structure that may offer scale and create commercial and financial synergies. No agreement has yet been reached and it is not possible to say whether an agreement will be reached. Awilco LNG will revert with further information to the market in due course.
