Awilco LNG ASA – Contract update

Awilco LNG ASA (OSE: “ALNG”) (“Awilco” or “the Company”) is pleased to announce that the 2013-built 156,000 cbm TFDE WilForce has entered into a new charter party contract with a duration of about 12 months. The contract is expected to commence at the end of April 2021 in direct continuation from the present charter party.

The contract is estimated to contribute an annualised EBITDA of about MUSD 18 during the charter period.
